Benoit Nolet
Senior Manager, Trade Relations & Compliance
St-Lawrence Seaway Management Corporation

Benoit Nolet is the Senior Manager for External Relations, ensuring integration of regulation and technology into the lockage process in order to improve efficiency and safety, throughout the St. Lawrence Seaway System.

Benoit is a civil engineer from Sherbrooke University who started at the St. Lawrence Seaway Management Corporation in 1989 as a concrete engineer, he assumed the roles of Civil Inspection Engineer, then Remedial Program Engineer. Since 2004, he has held numerous Management positions, and in 2009 was assigned the lead for the Hands Free Mooring program, which is being used at all the deep Locks of the Canadian Seaway with great success.

Currently, he oversees the Trade Relations as well as the regulation and compliance group, to ensure safe, efficient and reliable transits to the Seaway customers.
